

Principal atout de la propriété, la vue panoramique sur la baie de Saint-Malo. La perspective est sublimée par trois cyprès d'Italie, symboles de bienvenue.

Comme les étages d'une maison

Pour animer un jardin escarpé de bord de mer, **Éric Lequertier** s'appuie sur le relief. L'architecte paysagiste met en scène la végétation à travers différentes pièces et plusieurs cheminements, comme une incitation perpétuelle à la promenade, avec, en toile de fond, le paysage.

After a long and hot summer, the garden is beginning to show signs of autumn. The flowers are starting to fade and the leaves are beginning to turn. It is a beautiful time to be in the garden, and there is still much to be seen and enjoyed.

The garden is a wonderful place to be, and it is a joy to be able to enjoy it all year round. There is always something to see and enjoy, and it is a great place to spend time with family and friends.
